Company Introduction

Standrd Rubber Pvt. Ltd. is a trusted manufacturer and supplier of high-quality rubber components for industrial, automotive, construction, electrical, agricultural, and engineering applications.

With years of experience, advanced production facilities, and a strong customer-focused approach, we deliver precision-engineered rubber solutions that meet global performance and safety standards.

Our company specializes in designing, compounding, molding, and testing a wide range of rubber products that serve critical industrial needs. From standard parts to fully customized components, we ensure durability, precision, and long service life.

Vision & Mission

Vision

To become a leading global manufacturer of innovative, reliable, and cost-effective rubber solutions that meet the changing needs of industries worldwide.

Mission

- To deliver premium-quality rubber products through advanced technology and strict quality control.
- To ensure customer satisfaction through continuous innovation and customization.
- To expand our product range and reach new domestic and international markets.
- To adopt sustainable practices and promote long-term industry growth.

Why Choose Us ?

- **High-Quality Manufacturing:**

State-of-the-art machines, precision molds, and advanced processing methods.

- **Strong R&D Capability:**

Dedicated team for new product design, compound optimization, and performance improvement.

- **Wide Product Range:**

Rubber parts for automotive, electrical, agricultural, construction, and engineering sectors.

- **Custom Solutions:**

Tailor-made rubber products designed exactly as per customer drawings or samples.

- **Reliable Testing Equipment:**

Fully equipped laboratory for performance and quality validation.

- **Fast Delivery & Competitive Pricing:**

Optimized production for faster turnaround and affordable solutions.

- **Customer-Centric Approach:**

Long-term relationships based on trust, service, and technical support.

GREEN ENERGY PROJECT – SOLAR POWER INITIATIVE

Standrd Rubber Pvt. Ltd. has successfully implemented a Solar Energy System to support in-house electricity needs.

This initiative reduces grid power consumption and significantly lowers our carbon footprint.

Solar power enables sustainable, eco-friendly, and cost-efficient manufacturing operations.

Our commitment to renewable energy reflects our responsibility towards a greener, cleaner future.

Product Categories

1. Hardware Industries

2. Wiring Harness Components

3. Agro Industries

4. Powder Coating

5. Panel Board & Door Gaskets

6. Rubber Mats

7. Rubber to Metal Bonded Products

8. Foam gasket

1. Hardware Industries

RUBBER FOOT

Types: Square, Round

Material Options: Plastic, Rubber

Size Range: ½ inch to 2 inch

2. Wiring Harness Components

RUBBER GROMMET

- **Single Hole Grommet**
- **Double Hole Grommet**

SEAL RING

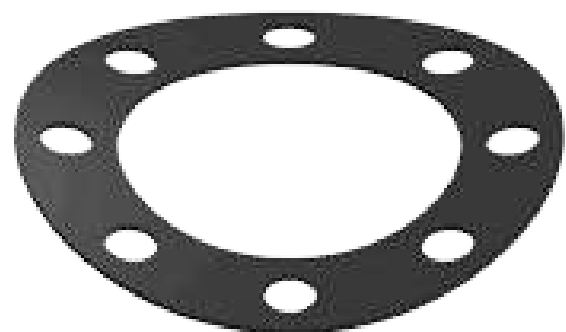

GUMSEAL (2MM)

D-FLAT RING

RUBBER GASKET

KUNDI GASKET

RING

Available Colours:

Yellow
Green
Black

3. Agro Industries

**CPVC & UPVC
CONNECTOR
WASHER & O-RING**

**SIZES: ½ INCH, ¾
INCH, 1 INCH, 1.25
INCH, 1.5 INCH, 2
INCH**

**SPRINKLER
GROMMET**

**WC
CONNECTOR**

**UNION JOINT
O RING**

RUBBER BUSH

FLANGE GASKETS

4. Powder Coating

**SILICON MASKING
PRODUCTS**

**FOR POWDER COATING
OPERATIONS**

5. Panel Board & Door Gaskets

RUBBER PLUG

CORD GASKET

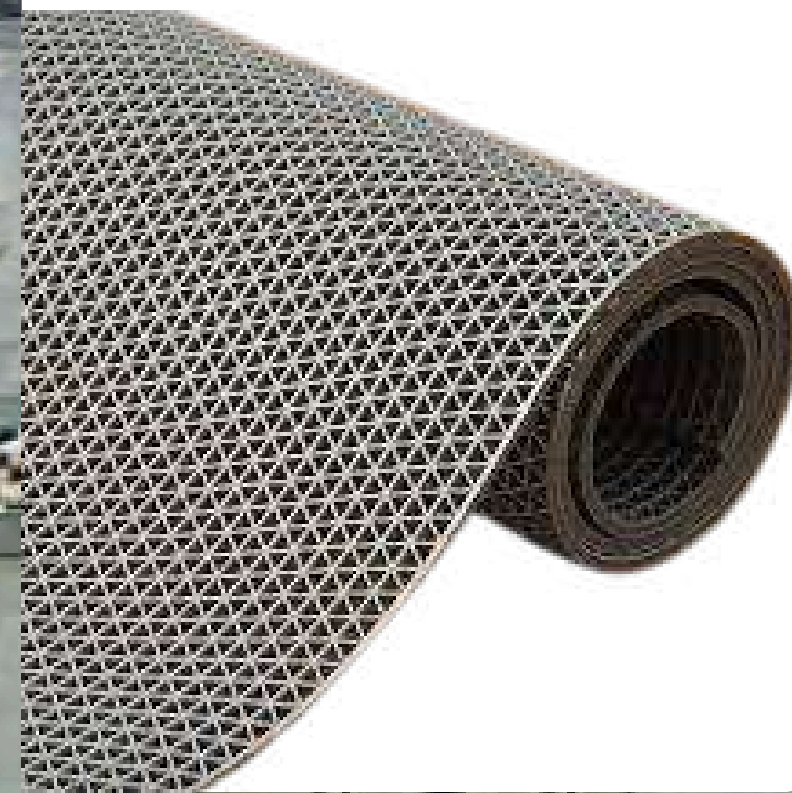

6. Rubber Mats

INDUSTRIAL MAT

**ANTI-SKID
MAT**

**ANTI-ELECTRICAL
MAT**

COW MAT

7. Rubber to Metal Bonded Products

RUBBER BUSH

**RUBBER
WASHER**

8. Foam gasket

**FOAM GASKET WITH PRESSURE
SENSITIVE TAPE IN ALL SIZE CR , EVA**

Machinery

HYDROLIC PRESS

Machinery

**RUBBER COMPRATION
MOLDING**

KNEADER

MIXING MILL

Machinery

FINISH GOODS STOCK

TOOLS

Manufacturing Capabilities

- **Compression molding**
- **Injection molding**
- **Rubber-to-metal bonding**
- **Compound formulation & mixing**
- **CNC & AutoCAD-based mold design**
- **Prototype development**
- **Large-scale production capacity**

Certifications

ISO 9001: Quality Management Compliance

Material Test Reports

ROHS/REACH Compliance (on request)

Third-party lab testing available
